Rule Compliance Report: Mrs. Pollock stated that several parking violations were reported. There was one report of an anonymous resident citing another resident for an alleged parking violation. Mrs. Pollock stated that anyone who reports a violation must be prepared to face the accused at a violation hearing in order for the Board to legally levy any fines or take other enforcement action. A parking violation at unit 48 has been corrected. A parking violation was reported at unit 10 however upon review of the CC&Rs and Rules, the Board discussed whether or not there was a violation. The rules state no parking parallel to garage door and no parking in driveways if the vehicle extends into Glen Lake Drive. Mr. Axt stated that the intent of the rule was to prevent parking in front of the garages. M/S/C: Field/Axt/Unanimous: to amend the parking rule to state that if a vehicle is parked in a driveway, it must be perpendicular to the garage and completely out of Glen Lake Drive. The amended rule will be distributed to the membership in time for adoption at the next meeting. Another violation at unit 10 was reported alleging that the use of the garage as storage prevents the use of garage for parking as required in the CC&Rs. Another owner reported that the sign for The Glen is leaning and needs repair.

Another resident reported that a concrete section of the sidewalk outside the gate is lifted up.

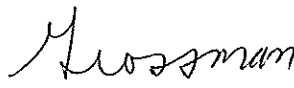

Another owner requested a listing of resident contact information. Management doesn't maintain a Resident Directory. Residents would have to give authorization to be listed and disclosed to the other residents.
