To: The Glen of Pacific Grove Residents and Owners

Re: Roundup

The HOA board has recently received a petition to stop the use of Roundup for weed control in our landscape areas. Just after the last time they sprayed The Glen (prior to circulation of the petition), our landscape contractor (Greenscape) decided to discontinue using Roundup at all. They will be using another spray and we are investigating what that will be. Spraying is not planned in the near future, so we have time to find out more. As before, we will notify residents of when it is scheduled and what will be used. Roundup will no longer be used.

Should you have further questions about this, or any other concern, please communicate directly to our HOA management company, Regency. For ease, here is their contact information:

Regency Management Group
