Seagulls

You may have noticed an increase in the number of seagulls around the Glen. We are trying to eradicate these pests. We will be destroying any nests we find (before eggs are present), so you may hear people on your roof.

A reminder....not only is it illegal to feed any wildlife, but it may also attract more birds. PLEASE DO NOT FEED THE SEAGULL, DUCKS OR DEER! Doing so may be subject to fines.

Thank you,
The Board
