Re: Feeding Wildlife

Please do not feed the wildlife. Feeding them can lead to the following:

- Can be harmful to them
- Discourages them from seeking healthier, available natural food resources
- Contributes to water and parkland pollution
- Creates an aggressive flock
- Creates human/bird conflicts

It is against the law of the City of Pacific Grove (Regulation 10.10.010) and punishable as an infraction. It is also against the law of the State of California (14 CCR § 251.1):

*§ 251.1. Harassment of Animals. Except as otherwise authorized in these regulations or in the Fish and Game Code, no person shall harass, herd or drive any game or nongame bird or mammal or furbearing mammal. For the purposes of this section, harass is defined as an intentional act which disrupts an animal's normal behavior patterns, **which includes, but is not limited to, breeding, feeding or sheltering.** This section does not apply to a landowner or tenant who drives or herds birds or mammals for the purpose of preventing damage to private or public property, including aquaculture and agriculture crops.*
