

Hello everyone,

I wanted to talk about something important that's been on my mind lately - speeding within our Glen community. Just a quick reminder, the speed limit here is 15 miles per hour. It's crucial for all of us to stick to this limit to ensure the safety of our community, its residents, our furry friends, and our properties.

Let's break it down to make it clear. Each straight section of the Glen is about 0.1 miles long.

At a reasonable speed of 15 mph, it only takes around 24 seconds to cover that distance. Now, if you go faster at 25 mph, it's just 14 seconds. No matter how rushed we may be, those few seconds aren't worth risking someone's life or their safety.

Let's make a conscious effort to slow down—It's in everyone's best interest.

Take care,

Marc Schonbrun

President, The Glen of Pacific Grove Homeowners Association
