Guest Parking Regulations Still Being Ignored.

The Board is still concerned that residents are using Guest Parking slots. These spaces are for temporary guests only. We do thank those who have been contacted and have complied with our request regarding parking. This keeps neighbors happy and makes the Board's job easier. If you have a long term guest, please make room for them in your garage or ask them to park outside of the gate. If your temporary guests' cars leak oil, clean up is your responsibility.

Mr. Chaffers reported that one homeowner's association in San Jose was fined \$2500 by the Environmental Protection Agency because a resident disposed of 3 quarts of oil in the storm drain. This is an extreme case but oil on the asphalt is also considered hazardous.

Welcome to Katie Joe

Congratulations to Greg and Libby McMenamin on the birth of their new beautiful daughter, Katie Joe. She arrived seven weeks early and is doing just fine.

Fountain Off Temporarily

Because of the low water level in the lake, the fountain has been temporarily shut down. Leaving it on causes more loss of water due to evaporation. Hopefully we will have a good rainy season this year and the water level in our lake will return to normal.

Rain Gutters

In general we are very pleased with the rain gutters installed this spring. We have not had any heavy rains since then so they have not been put to a complete test. If you should note any problems as the year progresses, call Virginia Capra. The gutter company will correct any problems.
